Address: _____

State: _____ Zip Code: _____

Our family loves and cares about our babies and their future. Raising each litter is a huge responsibility and one that is not taken lightly. It is important to us that we match each puppy to the home that is meant especially for them and their lives.

These questions in the above application are used to equip us in that process. At this time we match the puppies with their new families. Many of our puppies are family members, as well as going into the world of a breeding or a show home, various fields of service or getting to enjoy the fun world of agility with their owners.

We also realize the investment that you as the new puppy owner are putting into your new puppy and want this to be the best experience you have ever had. We do everything we can to ensure this is done to the best of our abilities.

Do you have any questions for us? _____

It is necessary and important that this application is fully completed to help us choose the puppy to meet your needs and desires for you and your family. All questions must be filled out.

Thank you for choosing us for your next poodle family member.
