A pet PUPPY is defined here to be a MINIATURE POODLE PUPPY which is in good health at the time of sale, and embodies the characteristics of the MINIATURE POODLE breed. This PUPPY is purebred and the litter has been (registered) with the American Kennel Club.

The PARENTS of this PUPPY have had x-rays to establish that they are free of Hip, Elbow and Knee Dysplasia (Patellar Luxation) and PRA, and have had an Eye Cerf examination. Copies of all testing is provided in your puppy packet.

This PUPPY is registered with a limited registration, which will prohibit breeding and registering offspring. The BUYER agrees this PUPPY is to be spayed/neutered at the appropriate age of (6 months) allowing for some sexual maturity of the PUPPY which is necessary for their development. Veterinarian confirmation of this procedure must be supplied to the BREEDER by the time the pup is 7 mo. of age or the contract is null and void.

**THE AKC REGISTRATION PAPERS FOR THIS PUPPY WILL BE RELEASED TO THE NEW OWNER ON VETERINARIAN VERIFICATION OF THE SPAY/NEUTER PROCEDURE. THIS VERIFICATION (COPY OF ORIGINAL) MUST BE MAILED DIRECTLY TO THE BREEDER.**

**If found that this SAPPHIRE MOUNTAIN MINIATURE POODLE PUPPY has been used for mixed breed production (breeding), this contract will have been breached and will render this contract and its contents null and void.**

The BREEDER guarantees the above described PUPPY to be healthy at the time of the sale, and has received the appropriate shots and worming schedule for the PUPPY's age. The BREEDER will provide the BUYER with a Health Record detailing the treatment the PUPPY has received under the BREEDER's care and future care the BREEDER feels is essential to the PUPPY's well-being.

We will not ship a puppy until we are certain that the puppy is ready for the trip to your home, has passed a veterinary health inspection when getting the health certificate that is required for airline travel, and is free from any illness. (The PUPPY has to be at least 8 weeks of age to travel with the airlines).

The BREEDER does not assume any liability for any injury to said PUPPY after delivery. The BUYER agrees to have this PUPPY examined by a veterinarian within three days of delivery (unless otherwise agreed upon due to travel, etc.). If the PUPPY is found to be other than healthy by the BUYER's veterinarian, it shall be returned to the BREEDER immediately, and the purchase price will be refunded. Deadline for this refund is one month from the purchase date.

The BUYER agrees to maintain the PUPPY's health in good condition, and to provide yearly examinations, vaccinations, worming and any other usual procedures necessary to assure good health, including proper training and care.

The BREEDER has done everything possible to produce healthy sound puppies, both by breeding only dogs (parents) that are certified free of hip, knee (Patellar Luxation) and elbow Dysplasia; *PRA and Eye Cerf* by raising the puppies in the best way possible in regards to diet, exercise, socialization and veterinary care.

There are many factors that can influence growth and development, such as diet, exercise, weight gain, etc. The BUYER assumes the responsibility to carry on with the appropriate vaccinations, exercise and feeding schedule, as supplied by the BREEDER.

Great care needs to be taken with the smaller breeds of the poodle in jumping off of heights as young puppies that can cause breaks in limbs/injury etc., and around small children who can play rough or cause injury to limb or eyes, or stress.

The BUYER hereby agrees that if at any time the BUYER cannot take proper care of the PUPPY, the BUYER must contact the BREEDER and the BREEDER will have the first choice to either: (a) take the PUPPY back or (b) assist the BUYER in finding a suitable home for the PUPPY.

The BREEDER guarantees this PUPPY to be free of any genetic diseases for a period of two (2) years from date of sale. Genetic diseases may or may not surface until later in a dog's lifecycle. Some genetic issues can however, become identifiable with a one to two-year period. If at anytime during this two year period, Hip, Knee or Elbow Dysplasia; or Eye Disease (eye injuries not covered) is diagnosed, we will replace the PUPPY. Any related shipping costs would be the responsibility of the BUYER. The first PUPPY the BUYER has purchased may be EITHER returned to the BREEDER at the BUYER's expense OR retained by the BUYER.

The BUYER agrees that the SELLER is not responsible for the actions or safety of this dog once it leaves the SELLER's possession as we cannot control the exposure of the puppy after leaving our home. The SELLER is not liable for any costs that result from such actions.

Great care must be taken in transporting your puppy until they are fully vaccinated. When taking your puppy to the vet or any public places, it is recommended that the puppy travel in a crate for health and safety purposes until all vaccinations have been administered.

Miniature and Toy Poodles (especially the toys being the smaller of the two), are more susceptible to hypoglycemia (low blood sugar) which can be brought on by the stress of a new home and environment, being handled too much, not eating properly or frequently enough, too much play or heat extremes. Please be sure and watch your puppy closely, and make sure he/she is eating and drinking regularly.

It is recommended that you add the NuVet vitamins to their food daily.

All provisions of this contract are designed to safeguard the PUPPY, the breed in general and/or the community, and as such, violation of any provision will cause damage to the BREEDER's reputation. Failure to comply with any provision will result in the return of the PUPPY to the SELLER at the BUYERS expense.

The BREEDER strongly recommends that the BUYER provide proper socialization opportunities for the PUPPY.
